

# MARCUS GARVEY

# Back to School Readiness

PROJECT 2021

# CommUniversity

As we embark upon the new school year and close of summer season, Juneteenth Festival of Buffalo is committed to engaging the community, both young and old, by equipping ourselves and each other with the intellectual armor that can inspire us into becoming our best selves.

In the spirit of Marcus Garvey, our beloved ancestor, we press forward into the new world of innovation, inspiration and interpretation.

Our community offer various activities around topics such as History and Culture, and STEAM (Science, Technology, Engineering, Arts & Mathematics). Civics, Agriculture, Yoga, Mental Health and Well Being are also topics covered by CommUniversity facilitators.

This years program will begin on Monday August 16 and end on Friday August 27  
From 5 PM tp 7 PM

## controlling our narrative

Marcus Garvey Back to School Readiness Project is a two week, two hour a day, cultural immersion for the entire family.

Juneteenth Festival of Buffalo and the community come together and create CommUniversity; all age learning.

In CommUniversity, we learn from certified teachers as well as members of the community who have proficiency and passion for their respective work or practice and create a class, workshop or activity around it.

Marcus Garvey was born August 17, 1887 in Saint Annes Bay, Jamaica. On this day we devote our time and energy to celebrate the lesson's, labor & legacy of a Powerful Black

Leader who gave us the Pan-African Liberation Flag and so much more.
